The Arnold Center was awarded a community impact grant of \$34,000 for roof replacement by the Midland County Area Community Foundation. The center's on-going mission is to empower individuals with disabilities and other barriers to independence through enhanced vocational, social and life skill training and services that lead to greater self-sufficiency.

The Midland County Area Community Foundation is an organization dedicated to providing philanthropic leadership to strengthen our community by fostering collaboration and giving today and in the future.

"A very special and heartfelt thanks to the Midland County Area Community Foundation as this grant funding will literally insure a sound roof overhead for our participants and associates which allows our mission to continue," said Jennifer Grace, executive director of the Arnold Center.
